THOMASTON, GEORGIA

Mr. W. Scott Wilson, Sale Manager
2985 King Alfred Dr.
Macon, Ga.

Dear Mr. Wilson,

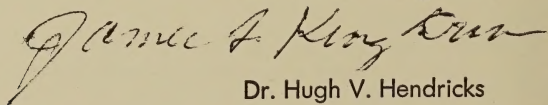

Concerning the herd health of Upson Shorthorn Cattle owned by Col. George H. Miller Thomaston, Ga.

The Herd is Brucellosis certified and accredited for TB, and has maintained this status for many years. All heifers are vaccinated against Bangs disease at the proper age.

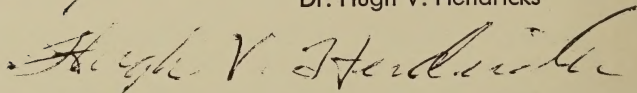

The entire herd was vaccinated against Leptospirosis in February of 1968. The latest and modern methods of internal and external parasite control are employed.

Without any reservation one can say that this herd of cattle is free of any infectious or contagious diseases. Cattle can go anywhere.

Dr. James T. King

A handwritten signature in cursive script, reading "James T. King".

Dr. Hugh V. Hendricks

A handwritten signature in cursive script, reading "Hugh V. Hendricks".

Terms and Conditions of the Sale

1. **Terms Cash.** Checks will be accepted, however, banking rules and requirements are such we urge you to bring a check from your own bank with your account number on it.
2. All cattle are to be paid for by the purchaser during or immediately following the sale. Settlement must be made before animals are loaded out.
3. Each animal will be at the purchasers risk immediately after the animal is bid off and the auctioneer announcing the animal sold. This shall constitute a contract between the buyer and the seller. They will be fed and cared for, free of charge for a reasonable time, until they can be removed by the buyer or his agent, but at buyers risk (note: Buyers can obtain mortality insurance at the sale through Harding and Harding Livestock Insurance, see clerk for details). Buyers desiring to leave animals longer than a 72 hour period should make arrangements with the owner or E. M. Gilbert, manager, indicating the period that will expire before removal.
4. Registration Certificates of the animals will be transferred to the buyer at seller's expense. Each buyer is urged to give his proper name, box number, route number, street address, city and ZIP code number for making transfers. All calves born before the sale will be registered by the seller; all calves born after the sale will be registered by the purchaser. Proper breeding statements shall be signed by the seller, which will enable the buyer to register calves born after the sale.
5. **GUARANTEES** — This being a dispersal sale, all animals are to be sold at the end of the halter without further guarantee. However, every known defect or blemish will be called before the animal is sold. No animal will knowingly be sold that is not considered a sound breeding animal.
6. **HEALTH** — All Animals in the sale have been tested and found to be negative to TB and Bangs, February 13, 1968. (Will be tested within 30 days of Sale.) All the animals selling will have health charts and meet the requirements set forth by the State of Georgia for interstate and inter-county shipment. The herd is AC-CREDITED for T.B. and CERTIFIED for Brucellosis, the numbers being- 218 and 227 respectively. Calfhood Vaccination has been practiced since the inception of the herd. Veterinarians Dr. King or Dr. Hendrix will be in attendance at the sale issuing health charts for your purchases.
7. Announcements at the sale ring by the auctioneer or owner concerning the cattle will take precedence over statements printed in the catalog. All information printed is believed to be accurate and correct.
8. **PREGNANCY EXAMINATIONS** have been made by the Thomaston Veterinarians. The status of every bred female will be available and announced sale day. The cows are mainly bred for fall and winter calves.
9. **LIABILITY** — The sale manager and his staff, the auctioneers, ringmen and clerks were employed by the owner as selling agents only and are not responsible for accidents, fulfillments of guarantees or status of health papers. Footnotes appearing in the catalog as to breeding dates, service sires and identity of animals was provided by Upson Shorthorn Farm.
10. Purchasers are asked to furnish adequate information as to the way animals are to be transferred. The sale manager will transfer cattle certificates to the new owners.

SCOTT WILSON

STATEMENT BY SALE MANAGER

THE UPSON STORY

The love of a man for land and cattle, and his great desire to improve both, reflect the true story of Upson Shorthorn Farm.

George H. Miller has developed, four miles North of Thomaston on Delray Road (one mile East of U. S. Highway No. 19), one of the most beautiful farms in the South. He has converted rugged woodlands into productive pasture lands, leaving, at the same time, much natural beauty which consistently has been improved and lends enchantment to the inspiring scene as you approach the farm on Delray Road. Here among the Coastal Bermuda, clover and fescue pastures, you will see grazing some of the best Polled Shorthorn and Shorthorn cattle in the country.

Col. Miller has taken great pride in building a herd of Polled Shorthorn cattle that possibly are second to none anywhere. In uniformity of conformation, superb health, scale and size, and prepotent blood lines, the Upson herd is truly outstanding.

At the time of the founding of the herd some fifteen years ago, Col. Miller established the good precedent of buying only outstanding females as foundation animals; and this practice at the beginning has continued consistently and without let-up through the years. Also, Col. Miller has not been parsimonious in purchasing herd bulls. In fact, he consistently has bought outstanding breeding bulls that have been herd and breed improvers. The get of the present herd bulls, namely, Melbourne Masterpiece, S V's Sir Winston x and Belvoir Welcome x, is featured in the sale. It would be difficult to find anywhere a herd of Polled Shorthorns having bulls whose offspring surpasses in excellence the sons and daughters of Melbourne Masterpiece, S V's Sir Winston x and Belvoir Welcome x, all of which will be sold in this dispersal. Unquestionably a considerable number of the offering in this sale are outstanding show prospects.

I have observed over the years Col. Miller's work in bringing this herd to position of eminence that it now enjoys, and in visiting

the herd frequently since it was established, I have noted the fulfillment of his effort to develop healthier, more uniform, and larger Polled Shorthorns and Shorthorns.

The cow herd now is at the peak of production; it is fertile, sound and healthy. The herd bull battery is the best in the history of the herd and it would be difficult indeed to find more outstanding bulls of breeding ability, pedigree and quality in any herd anywhere.

This dispersion makes it possible for you to choose from the very best at Upson which has furnished seed-stock to Southern cattlemen for over a decade. The sale will be an event you will not want to miss. There will be good cattle for everyone!

The purpose at Upson has been to produce top Polled Shorthorns and top Shorthorns. Some of the outstanding horned animals in the herd are by Melbourne Masterpiece who also has sired some of the best of the polled animals. Masterpiece is one of the great horned sires in service today, and S V's Sir Winston x doubtless is one of the outstanding polled breeding bulls in the country. When you see the offsprings of these two bulls which will be in the sale, and see the bulls themselves, I do not think that you will disagree with these statements concerning them.

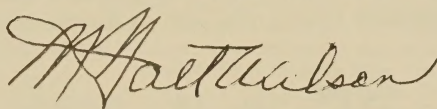

Upson Shorthorn Farm and this very fine herd of cattle would not be what they are today had it not been for the capable services over the years of the farm manager, Mr. E. M. Gilbert.

We feel that this is a sale where you can buy with confidence. All bred females will be pregnancy tested by the Thomaston veterinarians. The herd is accredited for T. B. and certified for Bangs.

Trucking facilities will be available.

I will be glad to go through the herd at any time in advance of the sale with anyone who might care to visit, and I will be at the farm two days in advance of the sale. Let me know at any time if I can be of assistance.

We are looking forward with pleasure to your presence and hope that you will honor us by attending the sale which will be at the farm and will begin at 10:30 a.m., Wednesday, August 14, 1968.

A handwritten signature in dark ink, reading "W. Scott Wilson". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

W. Scott Wilson, Sale Manager

Upson Shorthorn Farms

Thomaston, Ga. 30286

Dear Friends:

With mixed emotions, we welcome you to Upson for our dispersal sale. For nearly fifteen years we have striven to make this herd, which is comprised mainly of Polled Shorthorns, but which contains some Shorthorn cattle also, a herd whose name, because of the quality of the cattle, would be respected wherever the breed is known.

We feel strongly that the quality and bloodlines of the cattle have improved with the passing years, and that now the herd is at its highest peak of quality, production and overall excellence.

It was particularly difficult, therefore, for us to make the decision to have complete dispersal. The reasons were several, and when combined, seemed compelling.

Suffice it to say that we hope that sometime in the future we will be back in the business though on a smaller scale. We shall keep the farm — and many happy memories that revolve around the cattle that have been bought, raised and sold here. Even more, we shall always cherish the friendships and memories of the pleasant associations that have been ours because of our contacts with breeders of Polled Shorthorn and Shorthorn cattle.

We think the cattle are good — many of them excellent. They would not have been so had it not been for the loyal and able supervision that our friend and manager, Mr. E. M. Gilbert, has given them.

We hope and believe that those persons who buy these cattle will derive both profit and pleasure from them. We anticipate with pleasure having you with us for the sale.

Upson-Complete Dispersal Sale

MELBOURNE MASTERPIECE

Melbourne Masterpiece second top selling bull in the 1965 Melbourne Sale at \$5,800 for a two-thirds interest following a great show career. Today, as then, he is a truly-great individual. An All American Bull, he has seen heavy service in our herd and sired some of the best animals we have produced in nearly two decades of production. A powerful show bull, he was grand champion at the Illinois State Fair and reserve grand champion at the American Royal and third in a strong class at the International. He is backed by one of the breed's most faultless pedigrees. His illustrious sire, Calrossie Diamond is known and respected as one of the great breeding bulls in history. Melbourne Farms could well be called, "The All-American Herd" due to Calrossie Diamond, who has five All-American daughters in that herd and has produced numerous others, and bulls as well. Full sister to Melbourne Masterpiece achieved the honors of grand champion female at the 1964 International, now a great producer at Melbourne. His dam, a great stock cow is the second highest classifying cow in the Melbourne herd.

"Masterpiece" has an excellent head, breedy, masculine, most acceptable appearance and is burly and rugged throughout. He is straight and correct in his lines and skeletal make-up. Exceptionally smooth and has a thin, pliable hide that is loose, denoting his extreme high quality. His great length, size, scale and bone, coupled with the heavy muscling throughout puts him in the class of a modern Beef Bull.

His Get are outstanding, he has proven his prepotency and is one of the great breeding bulls you will find. Come in advance of the sale, inspect him and his calves, we assure you it will be worth your while. Seven sons and twenty-five daughters sell in the sale and thirey-three females carry his service. Among his get are a number of show prospects.

One of the great Polled bulls in America. He will weigh near a ton in pasture condition today and is definitely not fat. We purchased him in the 1966 Tennessee National where he was sale grand champion. At that time he was 19 months of age and had a lifetime daily gain of 2.42 pounds per day. He has continued to grow and develop. He has great scale, extra length, a wealth of bone and quality. He moves with zest and vigor, has the spirit you want in a sire. Powerful in his length of quarter and massive throughout with a lot of ruggedness.

We have been greatly pleased with his siring ability. His get have size, growth, breed character and quality. Many show prospects are among them and attest to his breeding ability. No doubt he is the best breeding son of the powerful National Western Champion, Lynwood Bolster X, who has sired many champions, both bulls and females. Come to the sale, see his sons and daughters, they are destined to become breed improvers. If you have been searching for a Polled bull, that has siring ability, size, growth and with modern traits, your search could well end here. Now at just three years of age, he is ready to make a name among the better breeding bulls of the country. He has a faultless pedigree and combines two of the greatest breeding bulls ever used in the well known Sewanee Valley Farms herd, Cowan, Tenn. He is a proven 100% dehorner in our herd of Polled Shorthorns and Shorthorns.

Two sons and nine daughters sell in the sale. Twenty-seven females carry his service.

Belvoir Welcome has done a wonderful breeding job in our herd. Many of the outstanding cows in the herd today are by him and he figures strong in this dispersion. Perhaps he is near ideal, inasmuch as he has many of the basic fundamentals you want in a herd bull. When we selected this sire, we had in mind what he could do in our cow herd in the way of improvement and he has done just this. Powerful headed, with a stock bull outlook. Withal, he has a clean polled head, great heritage of some of the great test bulls in his pedigree, and coming through a cow family that is flawless. He is an easy keeper and sires good doing, fast gaining cattle. We like the strong bone and big foot on this bull and he passes this on to his get. He is one of the best polled heads in America.

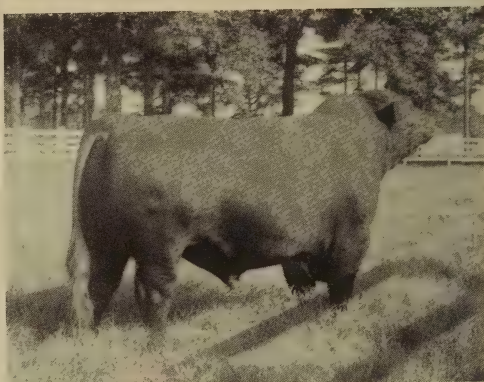

Having a great Perth Champion on the sire and dam's tabulation combines some of the most potent Scotch blood ever to come to this country. He is a grandson of the \$36,000 Louada Nugget. On the dam's side he has three crosses of Calrossie Welcome and he looks the part. The length of body, close ribbed and strong loin are notable and can be observed in his offspring. He is sound and will be a valuable addition to the herd that gets him. Twenty-six females are sired by this great bull.

This good son of the great "Beef Bull", Lynnwood Bolster, who is sire of numerous grand champion bulls and females was purchased by Upson Shorthorn Farm and B. C. Barnes, Carrollton, Ga. He is one of the better sons of "Bolster" and is double bred to Gladstone Coupler sire of many outstanding polled Shorthorns. You will like the length and scale in this two year old that has seen heavy service in the Barnes herd this year. Upson Shorthorn Farm recently aquired full interest in this young junior sire, therefore full interest sells. Six females carry his service.

This yearling bull is out of a daughter of one of our very best producing females, however, the dam is one of our strongest producers, all her calves have been good. He is masculine and burly, good headed, and strong top. Looks modern with his extra length, depth, thickness and good bone, as well as good weight for age. Correct throughout. He should make an outstanding breeding bull. It was our original plans to use him in the herd as a junior sire, until our decision to disperse. His dam sells as lot 43. A sister sells as lot 67 and a one-half brother sells as lot 22.

This junior yearling bull is out of a great young cow, she is large and roomy and especially is a good milker. He has good weight for age and size. He is by the lot 2 bull, that weighs over a ton in pasture condition and is a 100% dehorner. We feel his sire is one of the great Beef Bulls of our era and definitely he is doing a great job in our herd. His dam sells as lot 81.

Add some of the prepotent blood of Timberlee's Consort 44th to your herd through a good young son. This one is a grandson of the great old cow we have and in our herd that has been a powerful producer, Victoria Cornita 11th. The mother is a real good cow and has another good son in the sale selling as lot 5 and a one-half sister selling as lot 67. His dam sells as lot 43.

Roan, The Allen Cattle Co.

Upson Ocean Wave was purchased insdam from the Maclyn Shorthorn Dispersion. His dam was a great show cow who was never defeated in nine major shows and sold for \$3,000 in the Cummings Sale in Colorado. This great stock cow was bred to the great Scotch stock bull - Calrossie Ocean Wave, one of the most prepotent bulls ever to come from the British Isles. He was used for a season in the Calrossie herd and sold for 7,000 pounds. By our standards he sold for \$19,600. This is a combination of greats in the following lots that are daughters of Ref. Sire E -Upson Ocean Wave. Lot 39-41-46-47-48-50-51-52-53-57-67-68-70-72-103.

A proven sire of quality calves that have been show winners in the Timberlee Valley Stock herd, Pittsburg, Penn. He sired an All American in his very first calf crop. This bull is a big son of the famous Timberlee's Consort x and weighed 1850 lbs. when he came to Upson Shorthorn Farm. He has great scale and bone and passes this on to his calves. He is now being used in the very select herd of B. C. Barnes, Carrollton, Ga. who owns 2/3 interest and full possession. This is some of the top polled blood of the breed and the first opportunity to get the service of this great Beef Bull bred to Upson females. More than 25 cows carry his service and some 13 calves sired by him sell in the sale.

This bull was used in the herd and left us many good females and sired good bulls as well. He was a direct import, sired by the great Glastullich Rosewood Robin, bred by W. MacGillivray, Ltd. His dam was bred by J & D. P. MacGillivray in the Calrossie herd. The following lots sell sired by this straight import. Lots 59-60-61-62-66-76-77-78-79-80-81-82-83-84-85-86-87- and 88.

Upson-Complete Dispersal Sale

Statement of *Breeding Status*

Every female that is bred will be examined for pregnancy. The status will be announced from the auction stand as each lot comes into the ring. They have been pasture exposed to the bulls indicated in the footnotes of the female selling, stating the period of time each sire was with them. Calves will start dropping before or soon after sale date. Many will calve early. They are bred primarily for fall and winter calves.

We consider this cow among our best, excellent conformation, lots of breed character and a good producer of outstanding calves. Two of her daughters sell as lot 88 and lot 99. She sells bred to Timberlee's Consort 44th, the great Timberlee Valley bull that is owned by B. C. Barnes, Carrollton, Ga. He is a big bull weighed nearly 1900 pounds when he came to us. Bred since December 15, 1967 until March 31, 1968.

From an excellent imported, Birmingham cow who was a great producer. Bred in the Oakwood herd, she is a daughter of Oakwood Contract who was seven times a winner in national shows and used heavily in the Oakwood herd. She has had three calves for us. Her calves have been outstanding club calves. None are in the sale. Bred to Melbourne Masterpiece, the lot 1 bull from December 15, 1967 until March 31, 1968.

A Glamis Benefactor daughter with excellent conformation, good type and broody looking. We predict she will make a top breeding cow. At the 1967 Tenn. National Show and Sale, she was presented to the person buying the highest price entry in the sale. At the close of the sale she was awarded to Upson Shorthorn Farm which came as a surprise to us. She was in the show string at Royalty Farm and is an outstanding young female. Sells pasture bred since 12/15/67 to the lot 1 bull, Melbourne Masterpiece and the calf should be something special.
